

SHPCP@SEG 2015 Presentation Theater Schedule

Monday 19th				
Time Slot	Presenting Company	Presentation Title	Presenter	Presenter Job Title
930	GeoComputing	Beyond Hyper-Converged Infrastructure	John Creevan	Chief Operating Officer
1000	Cray	Implementing RTM on dense GPU platforms	Geert C. Wenes, Ph.D. Ty McKercher	Sr. Practice Leader, HPC Architect Director, Solution
1030	Seagate	Building a True Enterprise HPC Storage	Tony Katz	Senior Engineer Oil & Gas
1100	Penguin Computing	Tundra Open HPC - Ushering OCP Efficiency and Innovation into the HPC World	Dr. Kevin R. Tubbs	Director of Technology and Sales, Southeast Region
1130	Altair	Simplifying the Management of HPC Application Environments	Victor Wright	Manager EC Americas West
12 Noon LUNCH BREAK				
1300	IBM	Data Centric Computing in Oil and Gas	Ulisses Mello	Director, IBM Research
1330	GeoComputing	Beyond Hyper-Converged Infrastructure	John Creevan	Chief Operating Officer
1400	Seagate	Seagate ClusterStor: Enterprise-Ready Parallel Storage with Leading Energy Efficiency & Performance	John Fragalla	Principal Engineer - HPC
1430	Cray	Architectures for emerging migration algorithms and workflows	Geert C. Wenes, Ph.D.	Sr. Practice Leader, HPC Architect
1500	Verrex	The Image was hidden in plain sight	Steve Lutz	Business Development Director
1530	Intel	High Performance Computing with the Intel Xeon Phi Coprocessor for Discrete Particle Model of OpenFOAM presented by LSU	Zhi Shang	Researcher at Louisiana State University
1600	IBM	The Role of Seismic in Upstream Analytics	Melinda McDade	Senior Technical Architect - Worldwide Petroleum and Chemicals
1630	Ciphertex Data Security	Why Data Security Matters	Jerry Kaner	CEO, Ciphertex Data Security
1700	PCPC Direct	Summarize a year of trends and directions in High Performance Computing for seismic processing	Eric Collins	CTO
1730	Numerical Algorithms Group	Lessons from 40+ HPC procurements, impartial service reviews and strategy projects	Andrew Jones	Vice-President HPC Consulting & Services
Tuesday 20th				
Time Slot	Presenting Company	Presentation Title	Presenter	Presenter Job Title
930	Ciphertex Data Security	Why Data Security Matters	Jerry Kaner	CEO, Ciphertex Data Security
1000	Cray	Implementing RTM on dense GPU platforms	Geert C. Wenes, Ph.D. Ty McKercher	Sr. Practice Leader, HPC Architect
1030	Seagate	Building a True Enterprise HPC Storage	Tony Katz	Senior Engineer Oil & Gas
1100	GeoComputing	Beyond Hyper-Converged Infrastructure	John Creevan	Chief Operating Officer
1130	Penguin Computing	Networking Disaggregation - New trends in Commoditization of Networking within the computer industry	Peter Cole	Senior Solutions Architect
12 Noon LUNCH BREAK				
1300	Nimbix	Secure Storage Options for High Performance Computing on Demand	Leo Reiter	CTO, Nimbix
1330	Cray	Architectures for emerging migration algorithms and workflows	Geert C. Wenes, Ph.D.	Sr. Practice Leader, HPC Architect
1400	Seagate	Seagate ClusterStor: Enterprise-Ready Parallel Storage with Leading Energy Efficiency & Performance	John Fragalla	Principal Engineer - HPC
1430	Verrex	The Image was hidden in plain sight	Steve Lutz	Business Development Director
1500	IBM	Data Management at Scale	Kent Koeninger	Global IBM Spectrum Scale Business Development Leader
1530	Intel	On the route to sustainable performance portable software for hydrocarbon energy exploration presented by Imperial College and SENAI CIMATEC	Gerard Gorman Renato Miceli	Centre for Computational Methods in Science and Engineering Technical Director-Supercomputing Center for Industrial Innovation
1600	Numerical Algorithms Group	Lessons from 40+ HPC procurements, impartial service reviews and strategy projects	Andrew Jones	Vice-President HPC Consulting & Services
1630	Ciphertex Data Security	Why Data Security Matters	Jerry Kaner	CEO, Ciphertex Data Security
1700	Saratoga Speed	Developing innovative flash platforms for the in-memory computing	Dr. Sharad Mehrotra	CEO
Wednesday 21st				
Time Slot	Presenting Company	Presentation Title	Presenter	Presenter Job Title
900	HGST	5 Ways That Object Storage Will Help You Get More, Higher, Bigger, Better	Claire Giordano Shawn Stephens	Senior Director for Emerging Storage Markets at
930	GeoComputing	Beyond Hyper-Converged Infrastructure	John Creevan	Chief Operating Officer
1000	Cray	Implementing RTM on dense GPU platforms	Geert C. Wenes, Ph.D. Ty McKercher	Sr. Practice Leader, HPC Architect
1030	Seagate	Building a True Enterprise HPC Storage	Tony Katz	Senior Engineer Oil & Gas
1100	Altair	HP RGS + Display Manager	Josh Newman	Senior Application Engineer
1130	Penguin Computing	Tundra Open HPC - Ushering OCP Efficiency and Innovation into the HPC World	Dr. Kevin R. Tubbs	Director of Technology and Sales, Southeast Region
12 Noon LUNCH BREAK				
1300	Seagate	Seagate ClusterStor: Enterprise-Ready Parallel Storage with Leading Energy Efficiency & Performance	John Fragalla	Principal Engineer - HPC
